

The image shows a PyCharm IDE window with a dark theme. The top toolbar includes icons for file operations, running, and debugging, along with a 'Trial' badge. The main editor displays two files: 'hello.py' and 'test math.py'. The 'Run' window is open, showing the execution of 'hello.py'. The output text is as follows:

```
C:\Users\Ameer\PyCharmMiscProject\.venv\Scripts\python.exe C:\Users\Ameer\PyCharmMiscProject\hello.py
5 multiplied by 6
The answer to your query is: 30
8 divided by 3
The answer to your query is: 2.6666666666666665
8 divided by 3 without the remainder
The answer to your query is: 2
8 modulo 3 (remainder only)
The answer to your query is: 2
4200000 add 23090
The answer to your query is: 4223090
4200000 subtract 7633
The answer to your query is: 4192367
Program completed by: Ameer Rajput

Process finished with exit code 0
```

The bottom status bar indicates the current file is 'test math.py' and provides details about the editor settings: '1:1 CRLF UTF-8 4 spaces Python 3.13 (PyCharmMiscProject)'.
